What you get

Standard service: Charge covers setup, basic image-optimization, file transfer to CD/DVD*, postage and handling. Every effort will be made to produce the best possible output images from your slides/negatives and we will attempt to reduce the effects of scratches or dirt on your slides from the output images (*please note:* it may not be possible to completely remove all such defects). Output files are high-quality JPEG image files suitable for standard 6 x 4 inch prints (@ 300 pp -approx. 1800 pixel across)

Standard plus service: As for *standard service* with an additional set of smaller images suitable for email/web use (@ 72 ppi - approx. 800 pixel across).

Deluxe service: As for *standard plus service* with an additional set of larger images suitable for enlargements to approx. A4 size (@ 300 ppi - approx. 3000 pixel across).

Super Deluxe service: As for *deluxe service* with an additional set of larger images suitable for enlargements to approx. A3 size (@ 300 ppi - approx. 5000 pixel across).

Extras & exclusions: An additional charge of 30 cents per slide will apply for straightening & custom image cropping (per your instructions). Additional charges will also apply for custom colour correction or other kinds of image processing, or larger output file sizes, if required. Scanning charges for strips of 35mm film negatives or larger-format slides/negatives can be quoted on request. *Note:* Charges quoted in the above table do *not* apply for non-standard slide sizes but the job can be quoted. **Add \$5 for return by Australia Express Post.**

* DVD slideshows playable on TV using standard DVD player
